## Can I add my own photo, graphics or logo to the software itself?

Yes! If you want your logo or picture inside the software, custom design and programming is available. We can also make custom CD's. Ask us!

## How do I get started?

1. Sign up for PayPal (FREE) and E-junkie (\$5 a month)
2. Choose a price for your software!

We'll do the rest! Your automated store collects credit card payments made to YOU and sends instant downloads to your customers...it even has a built in affiliate program!

## How is my customer sent their download?

At the end of a successful transaction in your web store, an automated download letter with your logo is sent from your email address to your customer. Nothing to ship, nothing to store.
